# Community Corner

We Love our Lake for so many reasons, don't we? At our recent Summer Concert on the Beach, the Lake Centennial Committee kicked off a campaign to celebrate our beautiful lake, the beating heart of Lake Barrington Shores.

Lake Barrington Shores began as a livestock and grain farm with a meandering 3-mile-long creek. In 1925, this natural basin was impounded with willow tree branches and dirt to create a dam.

During 2025, we celebrate the 100-Year Anniversary of the creation of our lake. The first 18' spillway was built in the 1930's; and the existing dam was built in the late 1940's, raising the lake by 5 feet. Originally named Indian Lake, Robert Bartlett, who owned the property at the time, renamed it Lake Barrington in 1950.

Today, our lake is enjoyed by sailors, anglers, kayakers, canoeists, paddle boarders, swimmers, dog walkers, hikers and pontoon boat passengers as well as others who enjoy the beach and love to gaze at the water.

As part of the Centennial Celebration, articles will be run in the Shores Weekly highlighting the past, present and future of Lake Barrington. If YOU have pictures or a story describing why you Love Our Lake, please submit your entry via email to Jamie Scheppman for inclusion in a future edition of the Shores Weekly.

AND...mark Saturday, September 13th, on your calendar. We are planning a fun **100th Anniversary Party** on the beach. Keep watch for more details.

## LBS MC2 RATE / COMED RATE / VILLAGE OF LAKE BARRINGTON MC2 RATE

The Village of Lake Barrington sent out a letter that everyone in LBS received recently. The Village of Lake Barrington has had a Municipal Aggregation Agreement with MC2 charging 7.25 cents/kWh. Beginning in August, the Village MC2 Rate will exactly match the ComEd rate every month. Everyone who has signed up for the LBS/MC2 program will continue to pay 6.95 cents/kWh (one line item under Supply Charges on your ComEd bill).

The ComEd price to compare is 10.1 cents/kWh. Additionally, there will be a line item called Purchased Electricity Adjustment on the monthly bill with ComEd or the Village Program. This can be up to ½ cent more or ½ cent less every month.

If you are currently with MC2 paying 6.95 cents/kWh, nothing will change. If you are with ComEd currently, or on the Village MC2 Program, the LBS/MC2 Program is the least costly option. Please make sure to check your ComEd bill if you are on autopay and do not actually see your ComEd bill every month.

Any questions, please contact:

## HOUSEHOLD CHEMICAL WASTE COLLECTION JULY 19

The Solid Waste Agency of Lake County will host a Household Chemical Waste collection event from 8 a.m. to 2:30 p.m. July 19 at Lakes Community High School, 1600 Eagle Way, Lake Villa.

Household Chemical Waste (HCW) is a term used to describe a variety of chemical products found in a household that have toxic or hazardous characteristics. Common HCW products include, but are not limited to, cleaning products, oil based paints/varnishes, flammable liquids, automotive products and garden chemicals.

When disposed of improperly (pouring them down the drain or disposing in the garbage), these products can contaminate the groundwater and harm the environment. Our HCW provides Illinois residents with this opportunity.

The collection is free for all Illinois residents. Appointments are required.

Please see the reminders below:

### Pets

There is a leash law in Lake County. Pets shall not be allowed to run loose in the Common Elements. At all times while outdoors, pets shall be kept under control on a leash. Pets shall not be left unattended in the Common Elements at any time.

### Insect Control

All interior pest control and exterior pest control, other than ants and bees, is the responsibility of the homeowner. Please visit [www.lakebarringtonshores.org](http://www.lakebarringtonshores.org) and click on Work Order to enter a Work Order Request for EXTERIOR treatment of ants or bees, noting the specific location of the nest.

### Rodents

All interior and exterior rodent control is the responsibility of the homeowner, including and not limited to mice, rats, chipmunks and squirrels. ### Animal Inspection Request

If bird feeders are present, whether yours or your neighbors, maintenance will not take steps to remove the animal that the bird feeder potentially attracted until the bird feeder has been removed.

LIVING YOUR BEST AT LBS PRESENTS...

# WOMEN IN HISTORY

Tuesday, July 8th at 9:30am

This engaging program is a fascinating look at dynamic women in history that have impacted our lives. The women represented were doing big things, secret things, and even dangerous things. Some were well known, others not well known, each marvelously expressing themselves and their passions. History comes alive as **Martina Mathisen** is Annie Oakley who introduces herself with entertaining storytelling to share her life experience. She then introduces your audience to Harriet Tubman and Madame Curie. Without leaving the stage Martina presents Clara Barton and her tales, who then introduces the stories of Anne Sullivan and Florence Nightingale. Once again without leaving the stage, Martina presents Amelia Earhart who joins the presentation with her marvelous and surprising story to then introduce Bessie Coleman. There are so many women who have made a difference in our American experience.

Why these women? Only a few can be chosen and these few were, for a time, all alive on our planet at the same time.

Our **Living Your Best** series begins with coffee, breakfast pastries, and conversation at 9:30am. Program follows at 10:00am in the Ballroom. You must pre-register at the LBS Management Office. Cost is \$5 / person.

 Lake Barrington Shores

## Bird & Butterfly Club

**Watch this space for news about Love Our Lake events!**

Our members have gone on two interesting field trips recently. We visited Northern Illinois Raptor Rescue Rehabilitation and Education (NIRRE) in Loves Park. This is a unique and fascinating facility housing 20+ birds including a resident Alaskan-size Bald Eagle named Indie, Cooper's Hawks, owls, and two resident American Kestrels who are fostering six babies right now! This is an amazing facility and the owners/operators have dedicated their lives to rescuing raptors.

Additionally, we visited Crabtree Nature Center which is located nearby on Algonquin Road in Barrington. We enjoyed a bird walk with a very knowledgeable and engaging guide and saw many species including an Eastern Bluebird, Common Yellowthroat Warbler, an Eastern Phoebe and a much-coveted Cerulean Warbler!

## *Sunday's Lovely Gardeners of the Shores LBS Garden Walk*

What a wonderful show Gardeners of the Shores put on for the Garden Walk through LBS on Sunday. We are so lucky to have such talented gardeners who were willing to share their handiwork. With the cooperation of the weather – although it could have given us some cooler temps – we were able to

showcase just some of the beautiful landscapes that are available to those of us who

live here...and the plein artists added an artistic aesthetic to the ambience of each garden. We have attached photos of just a few of the gardens that were on display. Just beautiful, aren't they?!!

Gardeners of the Shores was pleased to welcome the gardeners and artists to an Open House Party following the walk to thank them for their participation.
