Amazon Same Day Delivery

Dear Lake Barrington Shores Residents,

As you are aware, the association has taken many steps over the past several years to improve traffic safety on our roadways. These measures include increased awareness over speed limits using the “20 Is Plenty” campaign, stationary speed radar cameras, and increased signage. Overall these changes have yielded positive results with data showing that citations are reducing along with driver speed.

The one area which has not shown the same rate of decrease in speeding are Amazon “Flex” drivers. “Flex” drivers are those that use their own personal vehicles for delivery of goods from Amazon. They are hired by Amazon as independent contractors. Amazon drivers using their personal vehicles primarily deliver goods the SAME DAY as you order.

In order to address the speeding issue, we have met several times with a Field Quality Assurance Specialist from Amazon. Additionally, we send every citation directly to Amazon and block any individual Amazon drivers who have had a speeding citation. However, due to the volume of different drivers contracted by Amazon, this has not been enough to make a significant change in speed reduction.

Therefore, the Board of Directors is discussing the possibility of not allowing Amazon to deliver goods to Lake Barrington Shores via Amazon “Flex” (personal vehicles). In order to understand how this would impact your use of Amazon same day delivery, please participate in a short survey by selecting the link below.

<https://www.surveymonkey.com/r/LBSAmazon>

Thank you in advance for your participation in this survey. The survey will remain open until Friday, September 12.

Sincerely,

Laura Nicolini

LAKE BARRINGTON SHORES *Kindness Grows Here*

In every corner of our community, small acts of kindness are taking root, spreading positivity and strengthening the bonds that hold us together. "Kindness Grows Here" shines a light on these inspiring moments, reminding us all that even the simplest gestures can make a big difference. Whether it's a neighbor helping another, a stranger lending a hand, or an unexpected act of generosity, these stories show that kindness is not just an occasional act, but a way of life at Lake Barrington Shores. Let's celebrate the ways kindness is growing right here, in the heart of our home.

Share your examples of kindness by emailing info@lbs-hoa.org.

INSURANCE CHECKUP

The condominium association insurance coverage renews each year on October 1.

This is a good time to review your coverage with your insurance agent to confirm there are no gaps in protection. As an aid in this process, a letter has been prepared by the association's insurance broker for you to provide to your agent.

A copy of this letter can be found by clicking [here](#) or by visiting lakebarringtonshores.org.

Speed Kills

Higher vehicle speeds significantly increase likelihood of death

Our bodies can only tolerate so much physical impact. Even small increases in vehicle speed significantly escalate risk of severe injuries and deaths. System designers and policymakers can use proven tools to encourage lower, safer speeds. Where there is a mix of people walking, biking and driving — 20 is plenty!

PESTS

Please see the reminders below:

Insect Control

All interior pest control and exterior pest control, other than ants and bees, is the responsibility of the homeowner. Please visit www.lakebarringtonshores.org and click on Work Order to enter a Work Order Request for EXTERIOR treatment of ants or bees, noting the specific location of the nest.

Rodents

All interior and exterior rodent control is the responsibility of the homeowner, including and not limited to mice, rats, chipmunks and squirrels. If you discover an access point for rodents on the exterior of your building, please visit www.lakebarringtonshores.org and click on Work Order to enter a Work Order Request for maintenance to seal the hole, noting the specific location of the opening.

Animal Inspection Request

Wildlife is part of this community, including and not limited to bats, rabbits, opossums, skunks, raccoons, coyotes and deer. Some of these animals (skunk, opossum, raccoon, squirrel, bat) will chew or burrow or find entry to a building. It is only then, when an animal causes damage to the building, that the association will trap. Please visit www.lakebarringtonshores.org and click on Work Order to enter a Work Order Request for maintenance to inspect, noting the specific location of the damage. If bird feeders are present, whether yours or your neighbors, maintenance will not take steps to remove the animal that the bird feeder potentially attracted until the bird feeder has been removed.

Avoid feeding wildlife.

In our modern and globalized world, our actions often affect wildlife in unintended harmful ways and cause habitats to become more fragile. Feeding wildlife is no exception.

Below are some common negative consequences of feeding wildlife:

1 Increased road strikes

2 Changes in population dynamics and a reduction in biodiversity

3 Increased risk of health issues and disease transfer

4 Increased numbers of small predators like raccoons

5 Desensitization to humans

6 Introduction of invasive species

Please remember, fed is dead.
Do not feed wildlife. Create habitat instead.

ZUMBA

Additional class added on Tuesdays at 9:30am

Zumba is one of the most popular group exercise programs. It is geared toward any fitness level and routines are built over time. Good coordination is not a requirement. The goal is to just keep moving. There are many benefits from participating in a Zumba class:

- Aerobic benefits - maximizes your cardiac health, increases metabolism and lowers blood pressure
- Low Impact- easy on the joints
- Increases balance, stability and agility
- Keeps your brain sharp
- Boosts emotional health
- Weight management-burn 300-600 calories

Come and give Zumba a try. Zumba is held on Tuesdays and Fridays at 9:30am. Classes are held in the ballroom. The cost is \$10 per class or \$50 for 6 classes. For info. Contact Chris at clueders001@gmail.com.

"Gardening is the art that uses flowers & plants as paint, and the soil and sky as canvas" - Elizabeth Murray

Important Note about our Butterfly Garden

First, thank you again to all who helped and continue helping to restore the Butterfly Garden. Carl of Sharecroppers, Bird & Butterfly Club and The Conservators has been essential in the revamping of the Helen Horton Butterfly Garden. He had dug out the invasive Golden Rod and Golden Alexander. Then he planted a cover crop that was supposed to die at 1st frost benefiting the soil.

The carrot-like giant radishes break up the soil helping to soften it for next season's new plants. It had started to come up and he was keeping it watered. However, recently he found that someone had turned the soil and destroyed it. It is believed they thought they were preventing weed spread.

At this time, no one should pull plants out, but all are welcome to water. Thank you from GotS.

*We've had to make a change! **

Try as we might to keep to a schedule, stuff happens and *The Gardeners of the Shores Membership Meeting* has had to change *from September 19 to Friday, October 3, at 10:00 am.* We will still gather at the Fireside Lounge, and the agenda remains the same, including updates on current projects and plans for the upcoming season.

This meeting is open to all LBS residents and if you have not attended a Gardeners of the Shores meeting in the past, this would be a great opportunity to come and see what we're all about.

We appreciate everyone's understanding and flexibility and look forward to seeing you on the new date. We thank you all for your continued enthusiasm and support for our club's activities.

Mini Cactus Terrarium Workshop Coming Soon

Looking to bring a little desert charm into your home? Join us for a hands-on Mini Cactus Terrarium Workshop, where you'll create your own easy care miniature desert landscape to take home and enjoy.

During the workshop, participants will learn the basics of terrarium design, how to choose the right materials, and tips for keeping cactus and succulent plants healthy. All supplies—including glass containers, cactus potting mix, sand, river gravel, mini signs, plastic lizard and at least 3 mini cacti—will be provided. No prior gardening experience is needed, just bring your creativity!

This class is a perfect opportunity to enjoy a fun and relaxing project, whether you're decorating your home, making a gift, or simply wanting to try something new. At the end of the session, each participant will leave with a beautiful terrarium and the confidence to care for it.

Date: October 16

Location: Lodge Ballroom

Time: 10 am

Cost: \$25 (checks to GotS by 10/10—Mail to or drop in pink box on porch at 345C Woodview Rd.)

11:30 am—Lunch will follow the class at the LBS Golf Club at your own expense.

YOU ARE ONLY ONE DECISION AWAY FROM A TOTALLY DIFFERENT LIFE!

Leading REAL ESTATE
IN THE WORLD

Are you prepared?

Protect your life and loved ones with a **KNOX HOMEBOX™**

Give First Responders Immediate Access When Every Second Counts

When emergencies happen, every second matters. The KnoxBox Homebox is a secure, weather-resistant key box that allows first responders immediate access to your home, without forced entry or costly damage.

- ✓ Used and Trusted by Fire Departments Nationwide
- ✓ Installed at your front door for emergency use only
- ✓ Only your local fire department has the key

WHY CHOOSE A KNOXBOX?

- Immediate access for first responders when it matters most
- Ideal for all households, including singles, seasonal residents, and those with medical conditions
- Avoid broken doors and windows during emergency entry
