Several agents were interviewed to sell this property. Heidi enjoys bringing her vision to life. Updates such as new windows, paint, flooring, and light fixtures took some time, but the property went under contract within **three** days of hitting the market.

ELECTRIC RATE RENEWAL – MARCH 2026

The current electric rate offered through the association's broker / supplier (AUS/MC2) expires in March 2026. The current rate is 6.95 cents per kWh and the **renewal is a fixed rate of 8.75 cents per kWh for 12 months.** While this is an increase of almost 2 cents, it is 9% less than the current ComEd rate of 9.66 per kWh. If you are currently on this plan, you will receive a notice advising you of the new rate. You do not need to do anything to stay with this rate. If you would like to opt out, instructions will be on the notice on how to do so.

Did you know?

The Illinois Commerce Commission regulates utilities for the state of IL? Before switching electric suppliers, do your homework as many may entice you with low rates which are variable and will rise. Visit [Plugin Illinois](#) for more information on suppliers, their rates, and performance ratings.

MASTER BOARD MEETING SCHEDULE

Work sessions take place at 9:00am. Meetings take place at 7:00pm unless noted. When deemed necessary by the Board of Directors, meetings will be hosted by Zoom. Otherwise meetings will be held at the Lodge at the Shores, 64 Old Barn Road.

SNOW PLOW DAMAGE

Spring is just around the corner, and with any luck, our days of surprise snowfalls are behind us. As many of you know, winter plowing can cause occasional disruption to turf and landscaping throughout the community. Our maintenance crews have already begun addressing these areas by resetting boulders, removing debris, and resetting existing sod. Please keep in mind that the **Public Works Department is responsible for all snow-related damage repairs**, as outlined in the snowplow contracts.

All repairs must be completed **no later than April 30th.**

We have already catalogued the areas needing attention; however, if you notice additional damage, you may submit a work order at www.lakebarringtonshores.org.

As temperatures rise and new seed is installed near your home, **a little watering will go a long way** in helping the turf establish and regrow successfully.

GUTTER CLEANING / GUTTER GUARDS - CONDO 3 & CONDO 6

We want you to be aware that the contractor will be starting this week with the Gutter Cleaning / Gutter Guard Installation Project. Notices have been placed on all garages.

This project is weather dependent and initially the duration will be 2-3 buildings a day, due to the amount of work that needs to be performed from a ladder and size of the building being worked on.

We will be making efforts to clean up the (gutter) debris surrounding the building once the building being worked on has been completed. Any assistance you can provide with this, especially on your patio / deck areas, is much appreciated.

FITNESS ORIENTATION

SATURDAY, APRIL 25TH AT 9:00AM (WITH JACKIE)

Limit 4 residents per session

To register, email Jamie.Schepman@FSResidential.com

GARBAGE BIN STORAGE REMINDER:

Garbage and recycle containers must be stored indoors at all times. Most, though not all, Associations within LBS allow the containers to be placed outside either after 6:00 PM or after dusk the night before the scheduled pick-up day. The containers must then be placed back inside your garage on the same day as pick-up. Some Associations do not allow containers to be moved outside the evening before pick-up and you must wait to put them outside until the morning of the scheduled pick-up day. Please review your rule book or contact the management office if you are unsure of your individual Association's rules.

50% of all pedestrian fatalities and 80% of serious injuries, due to the frontal impact of a car, happen at **21-30mph**, but only **rarely at 20mph or below**, as there is more time to react, brake, stop, and ideally, avoid a crash.

YO MAMA!

This space devoted to tips and info to help Mother Earth, desperately in need of our TLC!

Three Tips and a Quote

Water is not an infinite source. Be aware of waste.

Who doesn't love a long hot shower?

1. An average shower will use approximately 2.5 gallons per minute. So an 8-10 minute shower uses about 20 gallons. Try taking a 5-6 minute shower. Start by finding how long your current shower takes. Reduce by 1 minute or two until you reach 5-6 minutes. This is plenty of time. Even with a shampoo or shave!

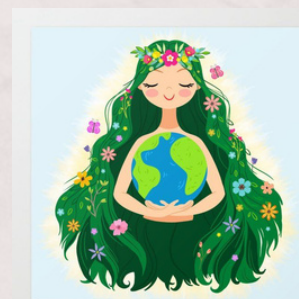

2. If you are in the market for a new showerhead try a low flow. Look for WaterSense labeled products for a 20% reduction in water usage while showering.

3. What about a bath? Nope! Average bath uses 30-50 gallons! A Low flow or even a regular showerhead with a 5-6 minute shower will use a whole lot less.

"Water is precious.... But not endless."

LBS LADIES BOWLING

We blinked and we're at week 21! This Thursday will be the last day to determine standings for the second half. The following week we'll see the 1st half champs bowl off against the 2nd half champs. The changes have been quite dramatic, and surprising, so we're all very excited to see how we end. We've made it through traveling, injuries, family issues, and anything else life has seen to toss at us and we've remained supportive, sympathetic and friends!! Here's where we are as of this week:

- 1st - Cursors (Kay Beaty, Eileen White, Phyllis Hahn)
- 2nd - Techies Chix with Tricks (Jackie Andrew, Kathy Hoffman, Karen Ramagnano)
- 3rd - Rebootifuls (Becky Olson, Geri Palmer, Mary Block)
- 4th - Mother Boards (Cathy Foley, Maggie Black, Richelle Kunkel)
- 5th - Mighty Mice (Carl Irons, Shelley Sutton, Judy Samaras)
- 6th - Hot Shots (Janis Nowak, Nancy Claassen, Sue Magiera)

Highlights to date:

High Scratch Games - Eileen White (199), Richelle Kunkel (190) Janis Nowak (197), Becky Olson (186) Shelley Sutton (173)

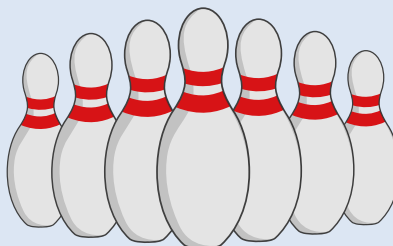

High Scratch Series - Karen Ramanagno (474), Jackie Andrew (457), Kay Beaty (398), Judy Samaras (386)

High Handicap Game - Phyllis Hahn (254), Kathy Hoffman (249) Geri Palmer (237)

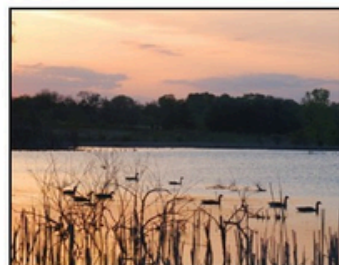

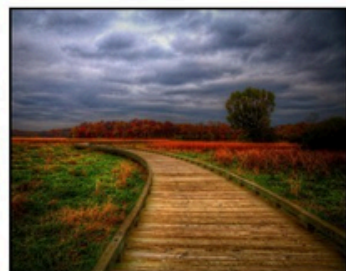

High Handicap Series - Mary Block (680), Jackie Andrew (664), Cathy Foley (643)

Season averages range from high 134 to low 90 and 94, and two holders of the low averages are on the Highlights schedule, so don't count anyone out! Don't let those accolades keep you from joining us, several people that started out as beginners have showed us what a little bit of experience can do. We're encouraging, non-competitive (sort of) and fun!!

We're at 3-D Bowl in Island Lake on Thursday mornings, come say hi and if you'd like to talk about next season, (October through April) contact Phyllis at phahn1031@gmail.com .

A Walk on the Wild Side: Let's Visit the Forest Preserve

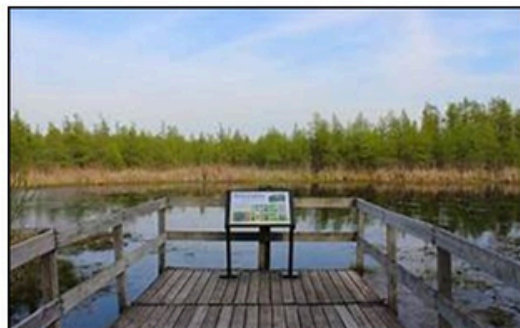

Now that winter is just about over, let's get ready to step outside and explore one of our community's natural treasures! Our next meeting will feature our own beautiful Cuba Marsh Forest Preserve. Cuba Marsh is the embodiment of the unique characteristics of the Illinois terrain: marshland, prairie, and woods...including an oak savannah. It is a freshwater marsh and home to numerous wildlife and plant species. The preserve covers more than 780 acres with three miles of crushed limestone paths making it easy to walk. This is a wonderful opportunity to learn, connect, and enjoy beauty right in our own backyard.

We are delighted to welcome Gerry Wright, the Site Steward for Cuba Marsh, who will give a Power Point presentation and share insights into the history, ecology, and stewardship of the Preserve. For those who would like to learn more, following the presentation Gerry will lead a guided tour of Cuba Marsh, where Gerry will scout for native plants and plants that are typically in bloom in late April.

Following the site visit, all are invited to join us for lunch (at your own cost) at Moretti's near the railroad station in Barrington.

<i>Date:</i>	April 29, 2026
<i>Presentation Location:</i>	The Ballroom in the Lodge
<i>Site Visit Location:</i>	Cuba Marsh Forest Preserve, 24205 W. Cuba Road, Deer Park
<i>Time:</i>	10:00 am

This beautiful preserve offers scenic trails, diverse prairie and woodland ecosystems, and plenty of inspiration for gardeners and nature lovers. Be sure to wear comfortable walking shoes and dress for the weather as we explore together. Whether you're an avid gardener, a nature enthusiast, or simply curious about the green spaces around us, this promises to be an informative and refreshing outing.

Butterfly Garden Corner

Help the Butterfly Garden Bloom!

Butterfly gardens are special places. They nurture the soul and the environment. They're a place of beauty and solace, but also a vital haven for pollinators who enrich the natural ecosystem.

By connecting people to the nature that surrounds us, we can inspire a deeper appreciation for the environment and encourage stewardship for generations to come.

Financial contributions make all this possible.

There are two ways to help financially to bring this garden to life:

You may donate to the *GoFundMe here <https://gofund.me/3b5319cae>

If you prefer, checks may be made out to Gardeners of the Shores. Please write "Butterfly Garden" in the memo. Checks may be mailed to Cindy Webber 688 Old Barn Road Lake Barrington Illinois 60010.

Gardeners of the Shores is grateful for the recent butterfly garden donations from Marsha Fitzgibbons and Jim and Laurel Bateman.

Our garden club is a local nonprofit community organization with an EIN. While we are not a 501(c)(3) tax exempt charity, every contribution goes directly towards plants, materials and installation for the butterfly garden. Your support will help us create something meaningful. We are deeply grateful for any amount you feel you are able to give to bring this vision to life.

*Please note, a tip is optional and one may move the toggle on the GoFundMe to change the tip to zero or whatever amount you desire. GoFundMe is a free service with a 2.9 % fee plus thirty cents for processing the transactions. The tip helps support GoFundMe and the service they provide.

KidFest is a FREE, fun, family event that gets the entire family outside and moving.
The Barrington Park District, along with over 30 other organizations, come together to host this fabulous community event! This is a FREE event located at Citizens Park. Wristbands are required for entry. All families must check in at the wristband tent before entering KidFest in order to participate in all of the activities. Then, pick up a free kite (for ages 2-10), or bring your own and fly it in the big open field. At your leisure, experience each of the activity stations. Make a flowerpot, race your parents, do an obstacle course or explore the creatures that live in the pond. Food and drinks available for purchase (CASH ONLY). We have something for everyone to enjoy and it's all FREE! This event is very popular and parking is limited. We strongly suggest using the FREE KidFest Shuttle from Langendorf Park located at 235 Lions Drive. The shuttle will run 11:00am - 3:00pm. FREE kites will be provided to all children ages 2-10 years. One kite per child while supplies last.

The KidFest mission is to provide activities that inspire healthy habits, introduce nature opportunities and encourage families to work together to help make a difference in the world. Our goal is to motivate families to volunteer in their community, work together to maintain a healthy lifestyle, get out and explore nature and of course, get together and Fly A Kite!
