Several agents were interviewed to sell this property. Heidi enjoys bringing her vision to life. Updates such as new windows, paint, flooring, and light fixtures took some time, but the property went under contract within **three** days of hitting the market.

Getting top dollar requires vision, and the right agent!

Thursday, May 14th

9:30am - Breakfast

10:00 am - Program

The Lodge - Ballroom

There have been many accounts of survival during the Holocaust, but very few of a woman's active heroism-particularly if that woman was a young Jewish Polish girl when she began saving lives of people she did not know. Alicia faced a terrifying and violent world and managed to retain her faith in humanity, in God, and in her people.

Our **Living Your Best** series begins with coffee, breakfast pastries, and conversation at 9:30am. Program follows at 10:00am in the Ballroom. You must pre-register online or at LBS Management Office. Cost is \$6 / person.

Avoid feeding wildlife.

In our modern and globalized world, our actions often affect wildlife in unintended harmful ways and cause habitats to become more fragile. Feeding wildlife is no exception.

Below are some common negative consequences of feeding wildlife:

Please remember, fed is dead.

Do not feed wildlife. Create habitat instead.

Butterfly Garden Corner

This is an exciting update for the Lake BarringtonShores (LBS) community! The butterfly garden transformation is officially moving forward with a clear three-phase plan.

Phase 1 & 2: Preparation and Hardscape

The first two phases have been awarded to Clarence Davids and Company, a contractor with a long history of landscaping work in Lake Barrington Shores. Both phases are scheduled for completion this Spring.

Phase 1: Bed Preparation

Elimination of existing vegetation.

Reshaping the garden bed for a more aesthetic look.

Adding organic soil amendments and tilling.

Finishing with triple ground mulch.

Phase 2: Hardscape

Installation of two stone paths.

Incorporation of existing stepping stones with new materials.

Cost Coverage: The Landscape department will cover the costs for phase 2.

Phase 3: Planting and Art

This final stage is the "signature" part of the garden, though its timeline depends on fundraising. The goal is to install this in Fall 2026.

Key Features: Purchasing and installing garden plants and the butterfly sculpture.

Certification: Once complete, the garden will apply for certification by the North American Butterfly Association as a butterfly-friendly habitat.

Funding Status: This contract cannot be awarded until total funds are raised.

Fundraising & Community Support

The project has already seen generous support from the community and the Birds and Butterfly Club and the Village of Lake Barrington.

- Current Progress: The GoFundMe campaign has raised nearly \$700 in a short period.
- How to Help: Residents can contribute directly via the Project GoFundMe Link.

gofund.me/skip.food.dial

OR send or deliver your check payable to "GotS" to: Cindy Webber, 688 Old Barn Rd. Please memo "Butterfly Garden".

Special recognition goes to the March Butterfly Garden donors:

John and Elaine Vogel, Doug Grier, Jeanne Nowakowski, Terri Landa, Sharon Bergstrom, Julie Tortorelli, Helene VanSickle, Judy Hall, Maria Rapata, Marilee Kurdas, Judy Hoerster, Mary Block, Elizabeth Phelps, Ann Kimberly, Linda Conheady and Cindy Webber.

MAINTAINING OUR COMMUNITY'S GREATEST ASSET

As LBS residents we are fortunate to live within a community that offers incomparable scenic beauty. Within its 510 acres of gently rolling terrain, LBS's landscape includes a 90+ acre lake, a 35-acre forest preserve, 16 acres of natural areas, several ponds, more than 10,000 trees, and countless shrubs and flowering plants.

In total, these features comprise one of the most important and appealing assets LBS offers... one we enjoy daily – our community's stunning landscape. Whether your home overlooks our lake, our golf course, a pond or a natural area, you're able to enjoy a beautiful year-round, ever-changing vista that is a hallmark of LBS living.

As you might expect, maintaining our landscape and ensuring it always looks its best is a full-time, year-round job. We contract with several landscape vendors to maintain the various components of our landscape. You'll see these vendors on property throughout the year, but especially during the peak growing season (mid-March through November). The work these vendors do is overseen by our professional Landscape Manager, a member of the First Service Residential management team.

The services these vendors provide are spelled out in detailed contracts, which typically run two years. Their work is subject to ongoing oversight by the LBS Landscape Manager. From time-to-time we also may work with other vendors to fulfill selected smaller-scale landscaping needs.

Our Primary Landscape Vendors for 2026

For 2026 the primary landscaping vendors with which we'll be working are:

- **Beary Landscaping** – for ongoing landscape maintenance including mowing, weeding, and application of fertilizer and herbicides
- **Blue Stem Ecological Services** – for care and maintenance of natural areas, including periodic controlled burns
- **Davey Tree** – for care of trees including planting, pruning, and removal of trees as well as plant health care

When any of our landscaping vendors are on property, please allow their employees to do their work undisturbed. If you have any questions, requests, or concerns regarding their work, reach out to your Landscape Rep via email or phone.

Butterfly Corner

Mother's Day is almost here! May 10th is a day to celebrate the important role mothers play in our lives.

I'm Maria Rapata, president of the Gardeners of the Shores and I'm reminded of a particular memory of my own mother that those of us who love gardens can appreciate. My mother had an extraordinary green thumb. During a family trip to Italy in 1988, she rescued a tiny bay leaf seedling growing in a walkway at Boboli Gardens. She carefully brought it home, and after years of nurturing, it is now a thriving tree cared for by her five daughters. We still use its leaves in our cooking as a living memory of her love. In her honor, I am making a donation to the Helen Horton Butterfly Garden. I invite you to join me in contributing toward the development of the Butterfly Garden here at LBS. In return, you'll receive a colorful and charming Mother's Day certificate to present to your loved one.

Please make checks payable to:

Gardeners of the Shores, and please add "Mother's Day" in the memo line.

From Wednesday, April 29th until Mother's Day, you can drop off your check at 301 Island View Lane. There you will find a beautiful Mother's Day Certificate of Appreciation that you can take home and fill out with the name of the person you wish to honor.

Thank you and I look forward to sharing the beauty of the Butterfly Garden.

If you have any questions, please call me, Maria, at (847) 516-3402.

 Lake Barrington Shores

Bird & Butterfly Club

If you love walking in our preserve, you will no doubt have noticed some wildflowers blooming already! Currently you can see Virginia blue bells, Spring beauty anemones, toothwort, and Celandine poppies. These springtime ephemerals (short-lived) plants feed the earliest pollinators to arrive.

You may have also noticed the small white signs with a QR code, that are posted on railings and signposts in the woods and along the lake path. If you focus your phone camera on the QR code a yellow link will pop up on your phone. Click that link to see photos and names of all the wildflowers that grow in our nature preserve from June through September!

The Bird & Butterfly Club was able to raise \$1,000 for the Helen Horton Memorial Butterfly Garden renovation underway by the Gardeners of the Shores.

We sponsored a presentation from Lake Barrington Feed & Supply on bird feeding, raffled off a gift certificate to the store, and had a bake sale. Thanks to all those who attended, contributed, baked and volunteered their services!

CHARTER CLUB UPDATES

Our next event will be a caravan trip to Montrose Harbor in Chicago during the second week of May. This is an extraordinary opportunity to see over 350 species of birds that stop there during their spring migration. It's a birdwatching paradise! If you are interested in attending please contact Pete M at pwmcon2@yahoo.com who is organizing this FREE trip.

**The next meeting of the Bird & Butterfly Club will be Wednesday May 20 beginning with a short guided walk along Conservators Trail in our nature preserve. KIDFEST
SHUTTLE

KidFest is a FREE, fun, family event that gets the entire family outside and moving.

The Barrington Park District, along with over 30 other organizations, come together to host this fabulous community event! This is a FREE event located at Citizens Park. Wristbands are required for entry. All families must check in at the wristband tent before entering KidFest in order to participate in all of the activities. Then, pick up a free kite (for ages 2-10), or bring your own and fly it in the big open field. At your leisure, experience each of the activity stations. Make a flowerpot, race your parents, do an obstacle course or explore the creatures that live in the pond. Food and drinks available for purchase (CASH ONLY). We have something for everyone to enjoy and it's all FREE! This event is very popular and parking is limited. We strongly suggest using the FREE KidFest Shuttle from Langendorf Park located at 235 Lions Drive. The shuttle will run 11:00am - 3:00pm. FREE kites will be provided to all children ages 2-10 years. One kite per child while supplies last.

The KidFest mission is to provide activities that inspire healthy habits, introduce nature opportunities and encourage families to work together to help make a difference in the world. Our goal is to motivate families to volunteer in their community, work together to maintain a healthy lifestyle, get out and explore nature and of course, get together and Fly A Kite!

Guilt. Anger. Happiness. Relief. Love. Loneliness.

Beyond grief, the emotions that fill a caregiver on any given day can be overwhelming as the disease their loved one has.

Where do we put them? Who even has the energy to address them when we always have someone else to take care of?

You First is a safe space for caregivers to honor all the emotions before we try to talk ourselves out of them or bury them forever. A space where poetry, meditation, writing, music and connection can bring us back to love.

RSVP or for any questions, call Pam Pellizzari at (847) 381-5030.
