PARDON OUR DUST!

If you have visited the golf club recently, you will see that the railings for the balcony and patio have been replaced! The ramp at the golf club is still under construction, and new concrete will be poured this week. The ramp will not be usable for an additional 10-14 days while the concrete cures. If you are visiting the Pro Shop, the entrance under the balcony is still open. If you are visiting the restaurant, you can enter the main door and go up a short flight of stairs.

WO OR LVA? THAT IS THE QUESTION

As an LBS homeowner, when you have a landscaping issue that you'd like to have addressed there are two forms that you can use to submit your request – a Work Order Request or a **Landscape Variance Application (LVA)**. Here are a few tips to help you know when to submit one or the other.

To submit a WO request... if you have a specific issue or concern that requires maintenance attention – for example, trimming shrubs or tree branches:

- You can submit a WO request online at lakebarringtonshores.org or by visiting the LBS Management Office.
- If approved, your request will be added to the list of open Work Orders.
- If there is a cost associated with your request it may be paid by LBS or paid by your condo association; depending on the work to be done, a portion or all of the cost may be passed on to you as all work is driven by established budgets and competing needs.
- Approved work will usually be completed in a few weeks

To submit an LVA... if you wish to make a change to the landscaping/plantings in the common- area beds around your residence – for example, removing or replacing existing perennials, shrubs or trees, installing new perennials, shrubs or trees, or changing the shape or size of an existing plant bed.

- You can access an LVA form on lakebarringtonshores.org; your completed LVA must be submitted to the LBS Landscape Manager for review.
- Typically, the cost to complete the work covered by an approved LVA is paid by the requesting homeowner.

Important! You may plant annuals without submitting an LVA so long as the size and shape of the bed in which they are placed do not change and existing perennial plantings remain in place.

**Have a question about landscaping? Need to report a broken tree limb
or a water drainage / erosion issue?
Send an email detailing your concern to
landscape@lbs-hoa.org**

IMPORTANT SAFETY NOTICE: GOLF COURSE ACCESS

Now that the golf course is officially open for the season, we would like to remind all residents of an important safety policy regarding course access.

During golf season, the golf course is closed to all non-golfers, including walkers, children, and pets. Over the past several days, golfers have encountered multiple instances of individuals walking on the course while play was underway. While everyone enjoys our beautiful grounds, the presence of non-golfers on an active course creates a serious safety risk.

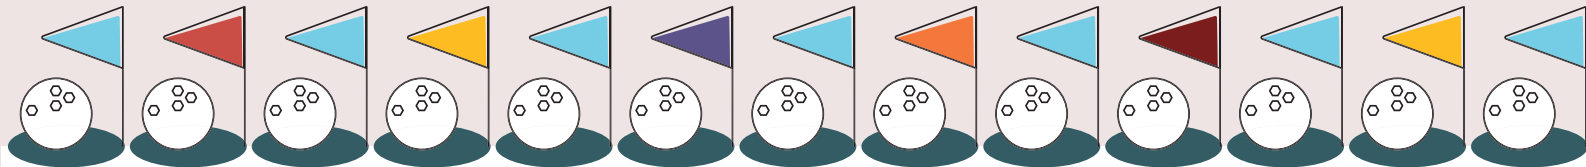

Golf balls can travel at very high speeds and often without warning. Even the most cautious golfer cannot always prevent an errant shot, and the risk of injury—particularly to young children—is significant. In addition to personal safety concerns, unauthorized access also raises potential liability and insurance issues for our community.

During the Golf Season, We kindly ask all residents to help us keep everyone safe by:

- **If you are not golfing, Avoiding the golf course entirely during the golf season, and**
- **Respecting posted signage and staff instructions**

These measures are not meant to limit enjoyment of the community, but rather to ensure that golfers and non-golfers alike can coexist safely.

Thank you for your cooperation and for helping us maintain a safe and enjoyable environment for all.

What NOT To Put Down The Drain or Toilet

The association spends thousands of dollars each year on correcting preventable sewer backups. These are backups caused by products that end up in our sewer system which should not be there. The sanitary system is designed to dispose of water, human waste and toilet paper... nothing else.

Please do not place items down your drains & toilets including but not limited to:

Cat Litter (even the "flushable" type)	Coffee Grinds	Corrosive Substances that are either acidic or caustic
Cleaning Wipes (even the "flushable" type)	Diapers (infant or adult)	Dental Floss
Fats, Oils, or Grease (Butter or Margarine, Cooking Oil, Shortening, Lard)	Feminine Hygiene Products	Food
Flammable or Explosive Substances	Hand Towels / Paper Towels / Tissue	Motor Oil, Transmission Fluids, Anti- Freeze or Other Toxic Chemicals
Prescription and Over-the-Counter Medications	Produce Stickers	Solvents, Paints, Turpentine, Nail Polish, Polish Remover

GARBAGE BIN STORAGE REMINDER:

Garbage and recycle containers must be stored indoors at all times. Most, though not all, Associations within LBS allow the containers to be placed outside either after 6:00 PM or after dusk the night before the scheduled pick-up day. The containers must then be placed back inside your garage on the same day as pick-up. Some Associations do not allow containers to be moved outside the evening before pick-up and you must wait to put them outside until the morning of the scheduled pick-up day. Please review your rule book or contact the management office if you are unsure of your individual Association's rules.

 Lake Barrington Shores

Bird & Butterfly Club

If you love walking in our preserve, you will no doubt have noticed some wildflowers blooming already! Currently you can see Virginia blue bells, Spring beauty anemones, toothwort, and Celandine poppies. These springtime ephemerals (short-lived) plants feed the earliest pollinators to arrive.

You may have also noticed the small white signs with a QR code, that are posted on railings and signposts in the woods and along the lake path. If you focus your phone camera on the QR code a yellow link will pop up on your phone. Click that link to see photos and names of all the wildflowers that grow in our nature preserve from June through September!

The Bird & Butterfly Club was able to raise \$1,000 for the Helen Horton Memorial Butterfly Garden renovation underway by the Gardeners of the Shores.

We sponsored a presentation from Lake Barrington Feed & Supply on bird feeding, raffled off a gift certificate to the store, and had a bake sale. Thanks to all those who attended, contributed, baked and volunteered their services!

CHARTER CLUB UPDATES

Our next event will be a caravan trip to Montrose Harbor in Chicago during the second week of May. This is an extraordinary opportunity to see over 350 species of birds that stop there during their spring migration. It's a birdwatching paradise! If you are interested in attending please contact
Pete M at pwmcon2@yahoo.com who is organizing this FREE trip.

The next meeting of the Bird & Butterfly Club will be Wednesday May 20 beginning with a short guided walk along Conservators Trail in our nature preserve. We will meet at the Old Barn Road entrance to the nature preserve at 8:30am followed by our regular meeting in the Clubroom of the Lodge at 10:00 am. All LBS residents are iwelcome!
